Moderator Overrules Counsel's Opinion

At the recent continued meeting of the Town of Wilmington 452 voters and 15 visitors attended at Villanova Hall on the night of March 19. The voters exhibited a spirit of independence, combined at times with an apparent air of slight bewilderment.

The meeting was called to order by the Moderator, Mr. Elfman at 8:13 p.m.

HIGHWAYS ACCEPTED

The first speaker was Mr. Lyons, who spoke on general highway expenses and moved that Article 32 to be considered at this time.

Letter to the Editor

112 Butters Row

Wilmington, Mass.

March 15, 1951

To the Editor of the Crusader

My Dear Sir:

I request space in the Crusader to explain my conduct at the Town Meeting at Villanova Hall on the opening night, March 12. For several days before this meeting I had many telephone calls from responsible citizens of this Town, complaining bitterly over the instantaneous appointment of a local citizen as temporary Town Manager and a statement purportedly coming from him that he would immediately "make all appointments and that his appointments would stick" despite any permanent manager who might follow him.

During these days I heard nearly a hundred angry comments and discussions on this subject in the Post Office, barber shop, restaurant, First National and Economy Stores and in two filling stations.

The consensus of these discussions was an attitude of condemnation against the Board of Selectmen and against the temporary manager. All seemed to believe that "temporary" might easily be for five years or better and that a clever practice was going to supplant justice and the spirit of the charter.

All who talked with me pleaded with me to take the stand and represent them and assured me that "they would back me to the limit."

I took the stand accordingly and offered an amendment to cut the salary from \$6,000 to \$1.00 per year until a real fully qualified manager was appointed.

Of all the loud-mouthed malcontents and gossip mongers who spurred me on to represent them, not one rose to his feet to aid my fight. When the vote was called I voted yes entirely alone against a chorus of Nots that could have been heard one-half mile away.

I feel that I have been grossly misunderstood and unfairly humiliated thanks to the duplicity and cowardice of many Wilmington citizens; I left the hall immediately after this experience and beg to assure you and all you readers that I shall never attend another Town Meeting while I live in Wilmington. It has been amply proved to me that there is no appreciation for sincerity, courage or honest participation in the affairs of this Town.

Very truly yours,
Irving Appleby
Former chairman, Town Manager Study Committee.

Funeral Services For William Glover

Funeral services were conducted from the Nichols Funeral Home on Thursday, March 15th, for Mr. William Glover, 69, a former resident of over forty years. Mr. Glover died suddenly on March 12th at his home in Maine where he had been living for the past three years.

Mr. Glover leaves, his wife, Mildred Bishop Glover; his daughter, Mrs. Alice Tait of Wakefield; two sons, Kenneth Glover of Reading and Watson Glover of Wilmington and two grandchildren.

Rev. Otis Maxfield officiated at the services and interment was in Wildwood Cemetery in the family lot.

Funeral services were under the direction of Guy E. Nichols.

Dog's, Get Scarce!

Mrs. Gilligan (town clerk) wishes to announce that she has the dog license tags now, and that all dogs must be registered on or before April 1.

Culvert Being Fixed

The Highway Department is repairing the culvert on Glen Road, near the home of Mr. Davis. This culvert was over-looked when town water was installed in this area. We are happy to report that the town does not forget these things.

Your Board Of Health

The new Board of Health, as announced by the temporary Town Manager, Mr. Harry Deming, is in the best traditions of public service, and many citizens have expressed their approval over the selection.

Dr. Gaius Harmon, Chairman

Dr. Gaius Harmon, Chairman. He was born in Wilmington, in the Congregational parsonage and received his MD from Boston University in 1909. He then spent a year at MIT studying the science of public health service, and another year in England, studying the same subject at the University of London. He returned to the United States, and received his Masters degree from Harvard School of Public Health in 1914.

Dr. Harmon taught medicine at Western Reserve University in Cleveland for 20 years. He was epidemiologist and scientific advisor to the health commissioner in the city of Chicago from 1934 to 1937. From then until his retirement in 1947 he held substantially the same position with the city of Detroit, and in addition did a lot of work on tuberculosis prevention. As the manpower shortage increased during the war, Dr. Harmon "doubled in brass" by doing a considerable amount of administrative work for the city.

Since his retirement Dr. Harmon has lived in Wilmington, and we feel that we are very fortunate in having him back in the town of his boyhood days.

Mr. Charles A. Baldwin

Mr. Charles A. Baldwin, of Jones Avenue has lived in this town for many years, and works for the Eastern Gas & Fuel Association in Everett as General Foreman on their dock. Mr. Baldwin modestly claims no special qualifications, but he is a person of recognized integrity, and will be remembered by many people for his service on the School Committee from 1940 to 1946.

Mr. Ralph B. Odiorne

Mr. Ralph B. Odiorne, of Boutwell Street, is General Foreman of transportation for the Eastern Gas and Fuel Association of Everett and has worked there for 26 years. After a boyhood in Lynn and Swampscott, he graduated from Essex Agricultural School, where he had studied animal husbandry and veterinary science. Later Mr. Odiorne studied traffic management and business administration for several years at Boston Univ. and since then has had several additional years of study on the same subject at Lowell Textile. Mr. Odiorne moved to Wilmington in 1931, and has been inspector of animals and slaughtering since 1937 in this town.

Town Meeting Notes

Many of the younger voters can not remember a time when the office of Town Counsel and Moderator was not combined in the same person. The overruling of the Town Counsel by the Moderator was to them a unique event. It is also, in a mild sort of way, a portent of things to come.

The voting of the town to accept Section 6B of Chapter 40, General Laws, allowing the town to furnish uniforms, ends a fight which has long been somewhat bitter. The Moderator explained that when he had originally drawn up this article, he had no dream in his wildest imagination that he would soon be town moderator. Town Counsel had ruled that he need not surrender the chair, but moderator Elfman wished to preserve the appearance as well as the fact of being neutral, and turned the chair over to Mr. Currier.

In spite of the opinion expressed from the floor to the contrary, the voters seemed to think that they had a pretty good idea of the potentialities of Article 10, as presented. The motion lost, thus delaying progressive action on several projects. The voters did not like to do this, but they were taking no chances on ambiguous phraseology.

A booing demonstration, at one point, was stopped, but quickly.

Finance Committeeman Eames was absent Monday night, as he had been a week previously. He has been having quite a session with this year's version of the flu. Selectman Lawler was also absent because of illness.

Probably 300 voters stuck out the meeting to the bitter end. Article 41 was the reason, and many voters who had never before expressed themselves on the floor of Town Meeting got up to speak on this article.

The Town Counsel spent quite a bit of time explaining legally obscure points to the voters.

The voting of the Water Extensions doesn't automatically solve the problem. Pipe, valves and hydrants have become scarce items, and delivery will be delayed 6 or 7 months. Prices for these items will be at the time of delivery.

It wasn't the liquor question which caused the town to be Wet by morning.

Mrs. Florence Barton Visits Here

Mrs. Florence Barton of South Hiram, Maine spent a few days in Wilmington during the past week, with Mrs. Margaret Day of Parker Street and Mrs. Miriam Ware of Church Street.

Take A Lesson From Experience

Miss Nancy Trow, daughter of Mr. and Mrs. Kenneth B. Trow of Nichols Street was treated on Friday by Dr. MacDougal for injuries to her hand which she sustained on Thursday while attempting to break up a fight between Blackie and Pete, her two pet cats.

Nancy is still having trouble with her hand and she hopes that others will profit by her experience and "keep out of cat fights," as cat bites can be serious.

Fireside Fellowship Met March 16

We understand that two of the young people intentionally or otherwise misplaced some of the clues, but that the treasure was finally found and eaten.

Two boxes of candy was too much for two people, so we heard.

Why The Rush?

A question can be asked - why was there such a rush to appoint a Board of Health?

The answer is not too simple. There are many small reasons, all of which added together can show why this is necessary. A few of them follow:

The Town must have a Burial Agent, who is appointed by the Board of Health. If there is no Burial Agent, then the Town Clerk can issue the necessary papers, but, in Wilmington this would be awkward because the Town Clerk is in her office only twice a week.

The Town must have a Board of Health to take care of the problem of cesspools and septic tanks. People who are building their own homes are required by some banks to present a certificate from the local Board of Health that the plumbing, etc., is in good order, before the banks will loan money. No Board of Health - no money.

Hospital cases - one never knows when the Board of Health might be called upon to commit someone to the hospital, for any of a number of reasons. In some cases the Agent for the Board of Public Welfare can do this, but it is an easier process through the Board of Health.

Don't expect too much from the Board of Health immediately. The Board is engaged in a thorough study of all health laws, and how Wilmington might be affected by any changes, and this takes time.

Wilmington Rotary Hears Medford Speaker

The regular weekly meeting of the Wilmington Rotary Club was held last Wednesday at noon with the

Cavanaugh and Bob Farmer, from Reading Morton Prentis. Mel Woods introduced his guest Phil Collins and Louis Elfin introduced his guest, David I. Elfin.

Sid Feener introduced the speaker of the day, George Weston, principal of the Roberts Junior High in Medford. Mr. Weston has made a hobby on the past and present of the City of Boston. The title of his talk was Boston Common or Boston Preferred.

A meeting of the Old Home Days celebration committee was held at the Aberjona Packing Co. on Thursday evening with the chairman, Earl Sylvester in charge. Members of the committee present were: Henry J. Porter, co-chairman, Earl Hamilton, William Stevens, John Cooke, Norman Perry, Dick Bedell and John Gleason. Various chairmen and their assistants for the different functions of the celebration were appointed. This celebration is to be held over the Labor Day weekend, and from all indications it will surpass the one held two years ago.

Town Notes

Mr. Louis Doucette of Ballardvale Street has been appointed by the temporary Town Manager to be

Principal Assessor. The appointment will be subject to confirmation by the new Town Manager.

A former Principal of Wilmington High School was reported to have made his application for Superintendent of Schools. Your editor has checked, and there is no truth, so far, to the item.

We hear that Representative Giles of Methuen has filed a bill in the State House for a new highway between New Hampshire area and Boston to be constructed with Federal aid. He has explained that it would run through the waste land of Woburn, Wilmington, Billerica and Tewksbury, etc. That waste land idea intrigues us. Wilmington has plenty of it.

An ugly rumor passed around town during the last week, a story of the kind that some people like to believe. Your editor believes that stories of this kind should be stopped before they get too far. Our police officials emphasize that no citizen should fear reprisals in any way, because of how he exercises his privilege as a voter, at Town Meeting.

Selectman Lawler has been pretty sick during the last week, but he didn't let his illness interfere with his duties as Selectman. Don't overdo it Henry, you also have a duty as Selectman to get well.

The By-Laws Committee has been doing some real work towards a new set of By-Laws for the Town.

Seen on Church Street, Friday. An individual who could very well have been the prophet Jeremiah, pedaling towards North Wilmington on a bicycle, with the speed of Ichabod's horse.

Your editor has already been approached by people who are worrying about the name that will be given to that street which is planned for the Veterans' Housing Development. Let's let the Wilmington Housing Authority worry about that.

The return to the Town in taxes from the Housing Program is an interesting item. As a field, the town now gets \$108 per year in taxes. If and when the development goes through, the return to the Town (and your editor doesn't know whether or not it can be labeled taxes) will be in the neighborhood of \$500, 5% of the revenue from rents received.

The Churches in Wilmington have had a very busy week. There are times when it is a real problem to find parking space on some parts of Middlesex Avenue and Church St. We notice that at St. Thomas' Church the parishioners are parking at right angles to the curb on the far side of the street. It doesn't seem to interfere with traffic, and it does ease the parking problem.

The Highway Department has been patching up the ravages of the winter, all around town, on the streets.

Our sympathy goes to the Trow family on Nichols Street. Daughter Nancy has a badly infected arm, which started from a small scratch inflicted when she tried to separate two pet cats who were having a difference of opinion.

Have you cleaned up your asparagus bed yet?

Coast to Coast and Border to Border
MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

In 1950, truck buyers in every one of the 48 states chose Chevrolet over any other make. Nationally, Chevrolet has outsold any other truck for the last nine truck production years. That's because Chevrolet trucks do the job better... stay on the job longer. When you

choose a Chevrolet truck, you get the right engine — 92-h.p. Thriftmaster or extra-powerful 105-h.p. Loadmaster. You get a chassis that fits your job. You get a truck built to move your loads at lowest cost. Come see the new 1951 Advance-Design Chevrolet trucks.

YOUR 1951 TAX RATE

The 1951 tax rate will be in the neighborhood of \$58.00. The final

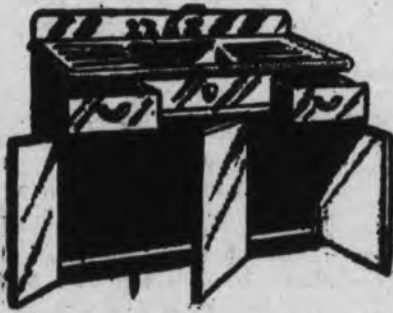

figures are not ready for release, and will not be for a little time. The 1951 valuation has yet to be figured, and if the increase is as large as hoped, the tax rate may be reduced.
